

Purchasing a download-only version of ArtCAM

ArtCAM Express 2015 (Download Only) or **ArtCAM Insignia 2015 (Download Only)** enables you to use the software without requiring a software-protection dongle. It is limited for use on one computer, and does not include MillWizard, an installation disc, printed documentation, or packaging.

You must ensure:

- ArtCAM 2015 demonstration software is installed on the computer on which you intend to use the full licence. You can download the demonstration software from:
<http://www.artcam.com/free-trial-software.asp>
- your computer is connected to the Internet at the time of purchase.

To purchase download-only versions of ArtCAM:

- 1** Double-click the **ArtCAM** desktop shortcut. The **Product Selection** dialog is displayed.
- 2** Click **Purchase online**. The **ArtCAM Store** is displayed in a new browser window with the **Country Selection** page shown.
- 3** Click the **Country** list box, then select your country.
- 4** Click **Next**. The **Product Selection** page is displayed.
- 5** Click **Add** beside the products you want to buy.
- 6** If you have selected **ArtCAM Express 2015 (Download Only)**, a list of modules is displayed. To include any of the modules in your purchase, click **Add** beside them.
- 7** Check the contents of your **Shopping Basket** are correct, then click **Next**. The **Product Selection** page is displayed.

*To add boxed ArtCAM software or the **ArtCAM Express Training DVD** to your order, click **Yes**, then select those options.*

- 8 When your order is complete, click **No**.
- 9 If your order includes boxed ArtCAM software or the **ArtCAM Express Training DVD**, the **Shipping Options** page is displayed:
 - a Click **Add** beside your preferred shipping method.
 - b Click **Next**.
- 10 In the **Personal Information** page, enter your contact information, including: full name, email address, billing address, and telephone number.
- 11 If your order includes boxed ArtCAM software or the **ArtCAM Express Training DVD**, and you do not want it delivered to your billing address:
 - a Click to select the **Ship to different address** check box.
 - a Enter your shipping address, and specify any delivery instructions.
- 12 Click **Next**. The **Order Confirmation** page is displayed showing your billing address, your shipping address (if applicable), and the contents and cost of your order.

Select **I accept the terms and condition of sale** and the check box to confirm you have previously ensured the software meets your requirements.
- 13 Click **Confirm Order**. The **Payment** page is displayed.
- 14 Click **Make Payment**. The payment gateway is displayed.
- 15 Click a card logo to specify your payment method.
- 16 Enter your payment card details:
 - a Type your name as it is shown on your card in the **Cardholder's name** box.
 - b Type your 16-digit card number in the **Card number** box.
 - c Select the month and year on which your card expires from the list boxes.
 - d Type the 3-digit security code shown on the reverse of the card in the **Card verification code** box.
- 17 Click **Yes, I confirm my payment**. The **Transaction Status** page is displayed.

An email is sent to your registered email address confirming your ArtCAM software purchase. A second email follows with your ArtCAM software licence file attached. If you bought:

- **ArtCAM Express 2015 (Boxed)** with or without modules, or **ArtCAM Insignia 2015 (Boxed)**, a PAF Licence file (*.paf) is supplied.
- **ArtCAM Express 2015 (Download Only)** with or without modules, or **ArtCAM Insignia 2015 (Download Only)**, an ELF Licence file (*.elf) is supplied.

Installing your licence file

You must install your supplied licence file (*.elf) to convert the ArtCAM 2015 demonstration software into the full version. You can install your licence file (*.elf) automatically, manually without creating folders, or manually creating your own folders.

To install your licence file automatically:

- 1** Double-click the **ArtCAM** desktop shortcut. The **Product Selection** dialog is displayed.
- 2** Click **Retrieve licence from server**. Your licence file is copied to [C:\Program Files\Common Files\Delcam](#).

For Windows 64-bit operating systems, your licence file is also copied to [C:\Program Files \(x86\)\Common Files\Delcam](#).

- 3** A message box is displayed confirming your licence file has been installed. Click **Yes** to close the message box and start your ArtCAM software.

To install your licence file manually without creating folders:

- 1** Save the licence file (*.elf) email attachment to your computer desktop.
- 2** Double-click the **ArtCAM** desktop shortcut. The **Product Selection** dialog is displayed.
- 3** Click **Install licence from file**.
- 4** In the tree of the **Select Licence File To Install** dialog, browse to your [Desktop](#).
- 5** Select your licence file (*.elf), then click **Open**. The dialog closes, and your licence file is copied to [C:\Program Files\Common Files\Delcam](#).

For Windows 64-bit operating systems, your licence file is also copied to [C:\Program Files \(x86\)\Common Files\Delcam](#).

- 6** A message box is displayed confirming your licence file has been installed. Click **Yes** to close the message box and start your ArtCAM software.

Licensing information is displayed in your ArtCAM software's **Title** bar, and by selecting the **Help > About ArtCAM** menu option.

To install your licence file manually creating your own folders:

- 1 Save the licence file (*.elf) email attachment to your computer desktop.
- 2 Rename the licence file to **dcam.elf**.
- 3 Right-click your licence file (*dcam.elf*), then select the **Copy** context menu option. The file is copied to the Windows clipboard.
- 4 Create the *dcam* folder:
 - a Using File Explorer, browse to **C:** on your computer.
 - b Right-click an empty space, then select the **New > Folder** context menu option. A new folder is created, ready to be renamed.
 - c Rename the new folder to **dcam**, then press **Return**.
- 5 Create the *config* folder:
 - a Double-click the *dcam* folder.
 - b Right-click an empty space, then select the **New > Folder** context menu option.
 - c Rename the new folder to **config**, then press **Return**.
- 6 Create the *pass* folder:
 - a Double-click the *config* folder.
 - b Right-click an empty space, then select the **New > Folder** context menu option.
 - c Rename the new folder to **pass**, then press **Return**.
- 7 Double-click the *pass* folder.
- 8 Right-click an empty space, then select the **Paste** context menu option. The licence file (*dcam.elf*) is pasted from the Windows clipboard to the folder.
- 9 Using File Explorer, browse to **C:\Program Files\Common Files\Delcam**.
- 10 Right-click an empty space, then select the **Paste** context menu option. The licence file (*dcam.elf*) is pasted from the Windows clipboard to the *Delcam* folder.
- 11 For Windows 64-bit operating systems:
 - a Using File Explorer, browse to **C:\Program Files (x86)\Common Files\Delcam**.
 - b Right-click an empty space, then select the **Paste** context menu option. The licence file (*dcam.elf*) is pasted from the Windows clipboard to the *Delcam* folder.

Extending the Relief Clipart Library

After installing your licence file (*.elf), you can extend the ArtCAM 2015 software's collection of free relief clipart by downloading and installing the **Relief Clipart Library** package.

To extend the **Relief Clipart Library**:

1 Login to the **Delcam Customer Download Centre**.

To login automatically, select the **Help > Check for ArtCAM Updates** menu option.

To login manually:

a Open your Internet browser and visit

<http://updates.delcam.com>. The **Delcam Customer Download Centre** is displayed.

b Type your virtual dongle number in the **Node ID** box.

*Your virtual dongle number is found by selecting the **Help > About ArtCAM** menu option in your software. For example, V000000.*

c Type your registered email address in the **Email Address** box.

d Click **Submit**. A *Customer Verification* email is sent to your registered email address.

e Click the link included in the *Customer Verification* email.

A new browser window is opened with the **Delcam Customer Download Centre** displayed.

2 Click the *ArtCAM* link in the site's left column. Your available ArtCAM software downloads are displayed.

3 Click the *Relief clipart pack for ArtCAM download-only software* link to download the *SetupArtCAMReliefClipartPack.exe* file.

4 Right-click the *SetupArtCAMReliefClipartPack.exe* file and select the **Run as administrator** context menu option to install the collection of ArtCAM Relief files (*.rlf) on your computer.

5 Restart ArtCAM 2015, and select the **Reliefs > Relief Clipart Library** menu option. The **Relief Clipart Library** panel is displayed showing thumbnails of the installed relief clipart.
